

School Council

The school has a Council made up of two children from each year group from Year 1 to Year 4. They meet on a regular basis to discuss school policy and to find ways to improve teaching & learning in the school. The children have contributed greatly in helping to raise standards and have led the school on several new initiatives.

They are presently involved in leading the school in the designing and building of a new environmental area where we are hoping to grow our own vegetables.

The School Council Values

- We work together as a team
- We listen to each other
- We are always kind and helpful
- We are friendly
- We stick to the golden rules
- We are always being thoughtful
